

## Installation of GPS TF\_OBD Tracker

---

### Overview

This installation guide is for the GPS TF\_OBD standalone tracker we offer; it is intended to serve as a walkthrough on how to successfully install your TF\_OBD GPS Tracker Device.

### TF\_OBD GPS Tracker Device

Just connect the TF\_OBD Tracker to the OBD2 port of your vehicle.

### Installation Steps:

**Step 1)** Locate the vehicle's OBD2 Port. Typically, it can be found in the foot well of the vehicle on the driver's side. See Figure A

Figure A

**Step 2)** After 5 to 10 minutes, the device should register on the network, provision itself to your account and be ready for tracking.

**Step 3)** Login with your username and password at <http://www.easitrack.net>. Your vehicle should be live and reporting on the map. Your installation is now complete.
